Republicans, PLEASE STOP YOUR WAR AGAINST DEMOCRACY! Texas already has more voter suppression than most states; Republicans' continued attacks on voting rights are ultimately self-defeating and blatantly unAmerican.

Kirk Pate

This voter strenuously opposes HB3303 on the grounds that it would codify every voter suppression and intimidation provision in the election code. The bill would make it illegal to not suppress votes or intimidate voters.

Vote yes! This bill enacts the supremacy of the legislature as only body to make or change election law.

House Elections Committee

Re: HB 3303

I support HB 3303 which establishes in very succinct language that Texas election officials cannot change Texas election voting standards, practices, and procedures. This provision will ensure integrity in Texas elections.

I ask the Committee to vote "Yes" on HB3303 and pass it to the House floor.

Yours truly,

Only the legislature should be able to change the law. Bureaucrats and their minions should not seize power when the opportunity presents itself. It is up to the legislature to hold on to their power. That is called "checks and balances."

Carmalene Churba

Please no changes to law but by legislature.

After the election last year, it really stresses the need for voting procedures and standards to be upheld and obeyed by all those who work the elections.

IN FAVOR of HB 3303 to ensure election integrity in Texas.

I urge Chairman Cain to bring this bill up for a vote in committee and for committee members to vote it favorably out of committee.

JoAnn Fleming, Executive Director, Grassroots America - We the People PAC, speaking for the organization:

Grassroots America strongly supports HB 3303 by Schofield.

Frankly, we are tired of the long history of the Secretary of State's Office waiving election law. The Texas Constitution gives the sole authority of making, amending and repealing law to the state legislature and to no other elected or appointed official and most certainly not to the employees of any state office or agency! Giving counties the green light to ask for waivers has done nothing but undermine the integrity of elections. This must stop!

There are 254 different ways to run an election in Texas and the waiving of rules and procedures by the SOS has made the non-standardization of the election process even worse! We strongly support Rep. Schofield's bill that would prohibit the creation, alteration or suspension of voting standards, practices and procedures authorized by law in the Election Code.

We strongly urge the House Public Affairs Committee to pass this bill out of committee.

Opposed -- This is an vicious attack on local election officials and will make them less effective . It is yet another attempt to suppress votes from people of color, those with disabilities, working more than one job, those who live in densely populated areas. It puts election officials at a disadvantage when trying to adjust to emergency and disaster situations in the best interests of the people in their communities.
